1. What is PICC?

PICC can also be called Carrier Line Charge. The Federal Communications Commission (FCC) mandated that all long distance companies pay the local telephone company a monthly PICC on most of your telephone lines. This charge is passed to you and may increase or decrease from time to time.

2. What is the Federal Universal Service Fund Surcharge?

Federal Universal Service Fund Surcharge is the recovery of the amount due to the Federal Universal Service Fund. Universal service is a Federal Communications Commission (FCC) program designed to ensure affordable access to telecommunications services to low-income customers, rural areas, school and libraries, and rural healthcare facilities. The Federal Universal Service fund was established by Congress in order to promote and encourage telecommunications infrastructure and service availability nationwide. All telecommunications providers that offer interstate and international voice and data, private line, directory assistance and other regulated services in the United States are required by the FCC to contribute on an equitable and nondiscriminatory basis to the Federal Universal Service Fund.

3. What is the Cost Recovery Fee?

A Cost Recovery Fee allows Level 3 to recover regulatory fees and expenses incurred by Level 3 such as FCC regulatory fees, federal regulatory fees to fund programs, various State Public Utilities Commission (PUC) fees, various state business licenses, and various state annual regulatory fees.

4. What is the Property Surcharge?

A Property Surcharge allows Level 3 to recover a portion of the property tax it pays to state and local jurisdictions.

5. What is the MyLevel3 Customer Portal?

The MyLevel3 Customer Portal provides you with convenient and secure billing options. You can:

- View, download and analyze your Level 3 invoices
- Pay your invoices easily online with the option to set up recurring payments
- Submit and manage billing inquiries, disputes and requests

Not a current Portal user? Visit customerportal.level3.com for more information on how to register. For any questions related to the Portal, email PortalAccess@level3.com or call 1-877-453-8353.

6. When is my invoice available on MyLevel3 Customer Portal?

You can view your invoice in MyLevel3 Customer Portal approximately 3 to 5 days after your Invoice Date. Your Invoice Date is shown on the top right corner of your invoice.

7. What is a Prorate?

Some products and services are billed one month in advance. If you sign up for one of these services in the middle of your billing period, your charges for that time period will be less than a full month's charge. This partial month charge is called a prorate.

8. When is my invoice due?

Your invoice is due upon receipt unless payment terms are specifically identified in your Master Services Agreement. If the total amount is not paid on time, your account is considered past due. Failure to pay a past due amount is considered a material breach of contract and may result in suspension of service and subsequent termination of your service contract.

9. How will credits appear on my invoice?

Credits will appear in the Credits section of the invoice. Credits are identified with brackets surrounding the amount.

10. What is a Payphone Surcharge?

The Payphone Surcharge compensates the payphone owner for the use of their phones. This surcharge is mandated by the FCC and applies to all completed calls placed from a payphone when using toll-free numbers or any similar access codes. These calls are identified with a "H" next to the call amount in the Usage Detail section.

11. What is a Minimum Usage Charge?

A Minimum Usage Charge is the difference between your monthly usage guarantee, as agreed upon in your Service Contract, and your monthly usage plus applicable monthly recurring charges. This charge will only appear on your invoice if your monthly usage falls below your monthly usage guarantee.

12. How do I submit a dispute?

If you have any questions or concerns about your invoice, please contact the Billing Inquiry Department at 877-453-8353 or through the MyLevel3 Customer Portal (<https://mylevel3.net>). Level 3 must be notified and receive a written explanation for the disputed charges within 30 days of the due date. The written explanation of the dispute must include the following information:

- Account name and number
- Date of invoice
- Amount of disputed charges
- Type of disputed charges
- Reason charges are being disputed

Upon our receipt of such notification and written explanation, we will begin investigating the reason the charges are being disputed. Any unpaid charges will accrue late fees and the settlement of the late fees will be addressed upon the resolution of the disputed charges.

13. How do I submit a disconnect request?

Customer initiated disconnect requests can be submitted through MyLevel3 Customer Portal at: <http://customerportal.level3.com> or <http://www1.level3.com/disco/disco.html>

The service(s) you request to be disconnected will have an estimated Bill Stop Date of 30 days from the received date of the request unless the requested date is greater than 30 days from the received date or your contract states otherwise. Any subsequent requests for assistance or questions can be emailed directly to disconnects@level3.com.

14. How do I use the Telecommunication Relay Service (TRS)?

1. What is PICC?

PICC can also be called Carrier Line Charge. The Federal Communications Commission (FCC) mandated that all long distance companies pay the local telephone company a monthly PICC on most of your telephone lines. This charge is passed to you and may increase or decrease from time to time.

2. What is the Federal Universal Service Fund Surcharge?

Federal Universal Service Fund Surcharge is the recovery of the amount due to the Federal Universal Service Fund. Universal service is a Federal Communications Commission (FCC) program designed to ensure affordable access to telecommunications services to low-income customers, rural areas, school and libraries, and rural healthcare facilities. The Federal Universal Service fund was established by Congress in order to promote and encourage telecommunications infrastructure and service availability nationwide. All telecommunications providers that offer interstate and international voice and data, private line, directory assistance and other regulated services in the United States are required by the FCC to contribute on an equitable and nondiscriminatory basis to the Federal Universal Service Fund.

3. What is the Cost Recovery Fee?

A Cost Recovery Fee allows CenturyLink to recover regulatory fees and expenses incurred by CenturyLink such as FCC regulatory fees, federal regulatory fees to fund programs, various State Public Utilities Commission (PUC) fees, various state business licenses, and various state annual regulatory fees.

4. What is the Property Surcharge?

A Property Surcharge allows CenturyLink to recover a portion of the property tax it pays to state and local jurisdictions.

5. What is the customer portal?

The customer portal provides you with convenient and secure billing options. You can:

- View, download and analyze your CenturyLink invoices
- Pay your invoices easily online with the option to set up recurring payments
- Submit and manage billing inquiries, disputes and requests
- Create standard and custom reports
- "Go green" by turning off your paper invoice

Need access to the portal? Visit www.centurylink.com/business/login for more information on how to register. For any questions related to the portal, email PortalAccess@centurylink.com or call 877-453-8353.

6. When is my invoice available online?

You can view your invoice in the customer portal approximately 3 to 5 days after your Invoice Date. Your Invoice Date is shown on the top right corner of your invoice.

7. What is a Prorate?

Some products and services are billed one month in advance. If you sign up for one of these services in the middle of your billing period, your charges for that time period will be less than a full month's charge. This partial month charge is called a prorate.

8. When is my invoice due?

Your invoice is due upon receipt unless payment terms are specifically identified in your Master Services Agreement. If the total amount is not paid on time, your account is considered past due. Failure to pay a past due amount is considered a material breach of contract and may result in suspension of service and subsequent termination of your service contract.

Level 3 Communications, LLC is a disregarded entity for U.S. federal tax purposes into Level 3 Financing, Inc. Federal Tax Id 47-0735805

9. How will credits appear on my invoice?

Credits will appear in the Credits section of the invoice. Credits are identified with brackets surrounding the amount.

10. What is a Payphone Surcharge?

The Payphone Surcharge compensates the payphone owner for the use of their phones. This surcharge is mandated by the FCC and applies to all completed calls placed from a payphone when using toll-free numbers or any similar access codes. These calls are identified with a "H" next to the call amount in the Usage Detail section.

11. What is a Minimum Usage Charge?

A Minimum Usage Charge is the difference between your monthly usage guarantee, as agreed upon in your Service Contract, and your monthly usage plus applicable monthly recurring charges. This charge will only appear on your invoice if your monthly usage falls below your monthly usage guarantee.

12. How do I submit a dispute?

If you have any questions or concerns about your invoice, please contact the Billing Inquiry Department at 877-453-8353, through the customer portal or Care.inquiry@centurylink.com. CenturyLink must be notified and receive a written explanation for the disputed charges within 30 days of the due date. The written explanation of the dispute must include the following information:

- Account name and number
- Date of invoice
- Amount of disputed charges
- Type of disputed charges
- Reason charges are being disputed

Upon our receipt of such notification and written explanation, we will begin investigating the reason the charges are being disputed.

Any unpaid charges will accrue late fees and the settlement of the late fees will be addressed upon the resolution of the disputed charges.

13. How do I submit a disconnect request?

Customer initiated disconnect requests can be submitted through

www.centurylink.com/business/login or www.centurylink.com/business/help/customer-center/requesting-disconnects.html

Go to Products & Services > Order Status to submit your new request. The service(s) you request to be disconnected will have an estimated Bill Stop Date of 30 days from the received date of the request unless the requested date is greater than 30 days from the received date or your contract states otherwise.

Any subsequent requests for assistance or questions can be emailed directly to disconnects@centurylink.com.

14. How do I use the Telecommunication Relay Service (TRS)?

To utilize the TRS system, simply dial 711. For additional information, consult the FCC website: <http://www.fcc.gov/cgb/dro/trs.html>

Customer Notice/ Annual Rate Increase

CenturyLink is implementing a policy to increase MRC rates up to 5% annually for all out-of-term Services provided on a month-to-month basis. These price adjustments support our continued investments in network, product and service enhancements. If your Services are or will be out-of-term and provided on a month-to-month basis within the next 12 months, they are eligible for this re-rate. The increase will go into effect (i) on or after your July invoice if your Services are currently month-to-month or (ii) on the invoice after the first full billing cycle after your Services come out of term (collectively "Re-Rate Date").

Some Services may also be subject to an additional increase. If your Services are impacted by an additional increase, you will receive a separate communication regarding the additional rate increase for those Services.

No action is needed on your part to effectuate this rate change; it will occur automatically on or after the Re-Rate Date. Alternatively, the impacted Services may be eligible for renewal for a new Service Term and new monthly recurring charges. If your Service is not eligible for renewal, you may place an order for one of our new and enhanced services. To place a renewal order or discuss other service options that may be available to you, please contact your Client Support Manager assigned to your account or Customer Service at CustomerCare@CenturyLink.com.

If you do not wish to continue the Services, you may follow the termination process outlined in your contract documentation for such Services. You will be liable for the increase in charges associated with the change to month-to-month rates to the extent that your Services continue on a month-to-month basis after the Re-Rate Date.

Please contact Customer Service at CustomerCare@CenturyLink.com with any questions about this change.

1. What is PICC?

PICC can also be called Carrier Line Charge. The Federal Communications Commission (FCC) mandated that all long distance companies pay the local telephone company a monthly PICC on most of your telephone lines. This charge is passed to you and may increase or decrease from time to time.

2. What is the Federal Universal Service Fund Surcharge?

Federal Universal Service Fund Surcharge is the recovery of the amount due to the Federal Universal Service Fund. Universal service is a Federal Communications Commission (FCC) program designed to ensure affordable access to telecommunications services to low-income customers, rural areas, school and libraries, and rural healthcare facilities. The Federal Universal Service fund was established by Congress in order to promote and encourage telecommunications infrastructure and service availability nationwide. All telecommunications providers that offer interstate and international voice and data, private line, directory assistance and other regulated services in the United States are required by the FCC to contribute on an equitable and nondiscriminatory basis to the Federal Universal Service Fund.

3. What is the Cost Recovery Fee?

A Cost Recovery Fee allows CenturyLink to recover regulatory fees and expenses incurred by CenturyLink such as FCC regulatory fees, federal regulatory fees to fund programs, various State Public Utilities Commission (PUC) fees, various state business licenses, and various state annual regulatory fees.

4. What is the Property Surcharge?

A Property Surcharge allows CenturyLink to recover a portion of the property tax it pays to state and local jurisdictions.

5. What is the customer portal?

The customer portal provides you with convenient and secure billing options. You can:

- View, download and analyze your CenturyLink invoices
- Pay your invoices easily online with the option to set up recurring payments
- Submit and manage billing inquiries, disputes and requests
- Create standard and custom reports
- "Go green" by turning off your paper invoice

Need access to the portal? Visit www.centurylink.com/business/login for more information on how to register. For any questions related to the portal, email PortalAccess@centurylink.com or call 877-453-8353.

6. When is my invoice available online?

You can view your invoice in the customer portal approximately 3 to 5 days after your Invoice Date. Your Invoice Date is shown on the top right corner of your invoice.

7. What is a Prorate?

Some products and services are billed one month in advance. If you sign up for one of these services in the middle of your billing period, your charges for that time period will be less than a full month's charge. This partial month charge is called a prorate.

8. When is my invoice due?

Your invoice is due upon receipt unless payment terms are specifically identified in your Master Services Agreement. If the total amount is not paid on time, your account is considered past due. Failure to pay a past due amount is considered a material breach of contract and may result in suspension of service and subsequent termination of your service contract.

Level 3 Communications, LLC is a disregarded entity for U.S. federal tax purposes into Level 3 Financing, Inc. Federal Tax Id 47-0735805

9. How will credits appear on my invoice?

Credits will appear in the Credits section of the invoice. Credits are identified with brackets surrounding the amount.

10. What is a Payphone Surcharge?

The Payphone Surcharge compensates the payphone owner for the use of their phones. This surcharge is mandated by the FCC and applies to all completed calls placed from a payphone when using toll-free numbers or any similar access codes. These calls are identified with a "H" next to the call amount in the Usage Detail section.

11. What is a Minimum Usage Charge?

A Minimum Usage Charge is the difference between your monthly usage guarantee, as agreed upon in your Service Contract, and your monthly usage plus applicable monthly recurring charges. This charge will only appear on your invoice if your monthly usage falls below your monthly usage guarantee.

12. How do I submit a dispute?

If you have any questions or concerns about your invoice, please contact the Billing Inquiry Department at 877-453-8353, through the customer portal or Care.inquiry@centurylink.com. CenturyLink must be notified and receive a written explanation for the disputed charges within 30 days of the due date. The written explanation of the dispute must include the following information:

- Account name and number
- Date of invoice
- Amount of disputed charges
- Type of disputed charges
- Reason charges are being disputed

Upon our receipt of such notification and written explanation, we will begin investigating the reason the charges are being disputed.

Any unpaid charges will accrue late fees and the settlement of the late fees will be addressed upon the resolution of the disputed charges.

13. How do I submit a disconnect request?

Customer initiated disconnect requests can be submitted through

www.centurylink.com/business/login or www.centurylink.com/business/help/customer-center/requesting-disconnects.html

Go to Products & Services > Order Status to submit your new request. Customer Notice/ Annual Rate Increase

CenturyLink is implementing a policy to increase MRC rates up to 5% annually for all out-of-term Services provided on a month-to-month basis. These price adjustments support our continued investments in network, product and service enhancements. If your Services are or will be out-of-term and provided on a month-to-month basis within the next 12 months, they are eligible for this re-rate. The increase will go into effect (i) on or after your July invoice if your Services are currently month-to-month or (ii) on the invoice after the first full billing cycle after your Services come out of term (collectively "Re-Rate Date").

Some Services may also be subject to an additional increase. If your Services are impacted by an additional increase, you will receive a separate communication regarding the additional rate increase for those Services.

No action is needed on your part to effectuate this rate change; it will occur automatically on or after the Re-Rate Date. Alternatively, the impacted Services may be eligible for renewal for a new Service Term and new monthly recurring charges. If your Service is not eligible for renewal, you may place an order for one of our new and enhanced services. To place a renewal order or discuss other service options that may be available to you, please contact your Client Support Manager assigned to your account or Customer Service at CustomerCare@CenturyLink.com.

1. What is PICC?

PICC can also be called Carrier Line Charge. The Federal Communications Commission (FCC) mandated that all long distance companies pay the local telephone company a monthly PICC on most of your telephone lines. This charge is passed to you and may increase or decrease from time to time.

2. What is the Federal Universal Service Fund Surcharge?

Federal Universal Service Fund Surcharge is the recovery of the amount due to the Federal Universal Service Fund. Universal service is a Federal Communications Commission (FCC) program designed to ensure affordable access to telecommunications services to low-income customers, rural areas, school and libraries, and rural healthcare facilities. The Federal Universal Service fund was established by Congress in order to promote and encourage telecommunications infrastructure and service availability nationwide. All telecommunications providers that offer interstate and international voice and data, private line, directory assistance and other regulated services in the United States are required by the FCC to contribute on an equitable and nondiscriminatory basis to the Federal Universal Service Fund.

3. What is the Cost Recovery Fee?

A Cost Recovery Fee allows CenturyLink to recover regulatory fees and expenses incurred by CenturyLink such as FCC regulatory fees, federal regulatory fees to fund programs, various State Public Utilities Commission (PUC) fees, various state business licenses, and various state annual regulatory fees.

4. What is the Property Surcharge?

A Property Surcharge allows CenturyLink to recover a portion of the property tax it pays to state and local jurisdictions.

5. What is the customer portal?

The customer portal provides you with convenient and secure billing options. You can:

- View, download and analyze your CenturyLink invoices
- Pay your invoices easily online with the option to set up recurring payments
- Submit and manage billing inquiries, disputes and requests
- Create standard and custom reports
- "Go green" by turning off your paper invoice

Need access to the portal? Visit www.centurylink.com/business/login for more information on how to register. For any questions related to the portal, email PortalAccess@centurylink.com or call 877-453-8353.

6. When is my invoice available online?

You can view your invoice in the customer portal approximately 3 to 5 days after your Invoice Date. Your Invoice Date is shown on the top right corner of your invoice.

7. What is a Prorate?

Some products and services are billed one month in advance. If you sign up for one of these services in the middle of your billing period, your charges for that time period will be less than a full month's charge. This partial month charge is called a prorate.

8. When is my invoice due?

Your invoice is due upon receipt unless payment terms are specifically identified in your Master Services Agreement. If the total amount is not paid on time, your account is considered past due. Failure to pay a past due amount is considered a material breach of contract and may result in suspension of service and subsequent termination of your service contract.

Level 3 Communications, LLC is a disregarded entity for U.S. federal tax purposes into Level 3 Financing, Inc. Federal Tax Id 47-0735805

9. How will credits appear on my invoice?

Credits will appear in the Credits section of the invoice. Credits are identified with brackets surrounding the amount.

10. What is a Payphone Surcharge?

The Payphone Surcharge compensates the payphone owner for the use of their phones. This surcharge is mandated by the FCC and applies to all completed calls placed from a payphone when using toll-free numbers or any similar access codes. These calls are identified with a "H" next to the call amount in the Usage Detail section.

11. What is a Minimum Usage Charge?

A Minimum Usage Charge is the difference between your monthly usage guarantee, as agreed upon in your Service Contract, and your monthly usage plus applicable monthly recurring charges. This charge will only appear on your invoice if your monthly usage falls below your monthly usage guarantee.

12. How do I submit a dispute?

If you have any questions or concerns about your invoice, please contact the Billing Inquiry Department at 877-453-8353, through the customer portal or Care.inquiry@centurylink.com. CenturyLink must be notified and receive a written explanation for the disputed charges within 30 days of the due date. The written explanation of the dispute must include the following information:

- Account name and number
- Date of invoice
- Amount of disputed charges
- Type of disputed charges
- Reason charges are being disputed

Upon our receipt of such notification and written explanation, we will begin investigating the reason the charges are being disputed.

Any unpaid charges will accrue late fees and the settlement of the late fees will be addressed upon the resolution of the disputed charges.

13. How do I submit a disconnect request?

Customer initiated disconnect requests can be submitted through

www.centurylink.com/business/login or www.centurylink.com/business/help/customer-center/requesting-disconnects.html

Go to Products & Services > Order Status to submit your new request. The service(s) you request to be disconnected will have an estimated Bill Stop Date of 30 days from the received date of the request unless the requested date is greater than 30 days from the received date or your contract states otherwise.

Any subsequent requests for assistance or questions can be emailed directly to disconnects@centurylink.com.

14. How do I use the Telecommunication Relay Service (TRS)?

To utilize the TRS system, simply dial 711. For additional information, consult the FCC website: <http://www.fcc.gov/cgb/dro/trs.html>

Area Code Overlay Approved for the Florida 850 Area Code

To ensure a continuing supply of telephone numbers, the new 448 area code will be added to the area currently served by 850. This is known as an area code overlay. **Get ready to change the way you dial your local calls!**

What is an area code overlay?

An overlay is the addition of another area code (448) to the same geographic region as an existing area code (850). **An overlay does not require customers to change their existing area code.**

Who will be affected?

The 850 area code generally covers the northern portion of Florida, known as the panhandle, and communities such as Pensacola, Panama City and Tallahassee. The 850 area code is also the home of Eglin and Tyndall Air Force Bases. The new **448 area code** will serve the same geographic area currently served by the existing 850 area code.

What will be the new dialing procedure?

To complete local calls, the new dialing procedure requires callers to **dial area code + telephone number**. This means that all calls in the 850 area code that are currently dialed with seven digits will need to be dialed using **area code + telephone number**. The same dialing procedure will apply to telephone numbers assigned to the new 448 area code.

When will the change begin?

Effective **August 22, 2020**, you should begin using the new dialing procedures whenever you place a call from the 850 area code. If you forget and dial just seven digits, your call will still be completed.

Beginning **February 20, 2021**, you must use the new dialing procedures, as described above. On and after this date, if you do not use the new dialing procedures, your calls will not complete. A recording will instruct you to hang up and dial again including the area code.

Beginning **March 20, 2021**, new telephone lines or services may be assigned numbers using the new 448 area code.

What will you need to do?

In addition to changing your dialing procedures, all services, automatic dialing equipment, or other types of equipment that are programmed to dial a seven digit number will need to be reprogrammed to use the new dialing procedures. Some examples are life safety systems, PBXs, fax machines, Internet dial-up numbers, alarm and security systems or gates, speed dialers, call forwarding settings, voicemail services, etc. You may also want to check your business stationery or advertising materials to ensure the area code is included.

What will remain the same?

- Your telephone number, including current area code, will not change.
- The price of a call, coverage area, or other rates and services will not change due to the overlay.
- What is a local call now will remain a local call regardless of the number of digits dialed.
- You can still dial just three digits to reach 911.
- If 211, 311, 411, 511, 611, 711 or 811 are currently available in your community, you will still dial these codes with just three digits.

Who may you contact with questions?

If you have any questions regarding information provided in this notice, please call CenturyLink at 1-877-453-8353 or access the following website for more information: or <http://www.floridapsc.com/>.

For Your Information

Charges for your monthly service are billed one month in advance. CenturyLink should receive your payment for the total amount due on or before the due date on your bill. If you are unable to pay by the due date, please contact Customer Service to avoid possible collection action. In some states you may be assessed a charge for unpaid balances. Your basic telephone service will not be disconnected for non-payment of charges for: (1) CenturyLink Unregulated Services (or other itemized services) identified by an *, (2) services of other CenturyLink companies, or (3) services of other companies included in your bill. CenturyLink packages of features and the amounts in the Account Summary may include both basic and charges that are not basic.

Third-Party Billing Block

Cramming occurs when unauthorized charges appear on your telephone bill. To help prevent unwanted third party charges on your bill, contact CenturyLink at 800-603-6000 and request, at no charge, a bill block that will prevent some third party charges such as charitable contributions, dial-up Internet by non-CenturyLink companies or other non-telecommunications charges from appearing on your bill.

FOR YOUR INFORMATION

At CenturyLink, our top priority is providing you with quality customer service. As part of that commitment, we have prepared the following information to help you understand your account. If you need additional assistance, please call Customer Service at 1 800-603-6000. Customers using Teletype (TTY) devices can direct their inquiries to CenturyLink at 1 800 223-3131, a TTY equipped number.

Charges for your monthly service are billed one month in advance. CenturyLink should receive your payment for the total amount due on or before the due date on your bill. If you are unable to pay by the due date, please contact Customer Service to avoid possible collection action. In some states you may be assessed a charge for unpaid balances. Your basic telephone service will not be disconnected for non-payment of charges for:

- (1) Optional Services (or other itemized services),
- (2) services of other CenturyLink companies, or (3) services of other companies included in your bill. CenturyLink packages of features and the amounts in the Summary may include both basic and charges that are not basic.

Effective February 14, 2020, the late payment charge assessed on unpaid balances for High-Speed Internet will increase to \$15.00 per month. If you have any questions, please call a Customer Care Representative at the telephone number shown in the Manage Your Account or Important Information sections of this bill.

A late payment charge of 5.0% or \$8, whichever is greater, may apply if amount due does not reach us by Mar 25 2020, except Internet charges.

Any amount of Internet and related Internet charges left unpaid 30 days after bill date is subject to a \$15.00 late payment charge.

Third-Party Billing Block

Cramming occurs when unauthorized charges appear on your telephone bill. To help prevent unwanted third party charges on your bill, contact CenturyLink at 800-244-1111 for residential customers or 800-603-6000 for business customers and request, at no charge, a bill block that will prevent some third party charges such as charitable contributions, dial-up Internet by non-CenturyLink companies or other non-telecommunications charges from appearing on your bill.
